

Day One 20/03/2021	
9:00 - 10:00 AM	Management of anticoagulation associated bleeding Dr. Gregoire Le Gal
10:00 - 11:00 AM	DIC: clinical approach and treatment guidelines Dr. Gerrard Dolan

Seminar 1 Dr. Abdulrazzaq Shlebak	
11:00 - 11:45 AM	Thrombotic micro-angiopathies
25 mins	Approach to patients with suspected TTP, HUS or other thrombotic micro-angiopathies
20 mins	Classical and new therapies in the management of acute versus relapsed/refractory TTP

From pregnancy to pediatrics		
5:00-5:30 PM	VTE and PE in pregnancy: approach to diagnosis and treatment	Obs List
5:30-5:50 PM	Thrombosis in pediatrics and neonates: approach to diagnosis	Dr Sondus Alsharidah
5:50-6:10 PM	Q&A And break	
6:10-6:30 PM	Anticoagulation in pediatrics and neonates	Dr Hadeel

Thrombocytopenia in various disease states		
6:30-6:50 PM	Heparin Induced thrombocytopenia: case approach and updates	Dr. Areej Al-Dahleh
6:50-7:10 PM	Updates in the management of acquired TTP	Dr. Abdulrazzaq Shlebak
7:10-7:20 PM	Q&A	
7:20-7:40 PM	ITP: challenges in treatment; what's new?	Dr. Noura Alhashim
7:40-7:50 PM	Q&A	
7:50-8:20 PM	Satellite symposium	
8:20-8:50 PM	Satellite symposium	

Day Two
21/03/2021

Hereditary and acquired hemophilias

5:00-5:20 PM	New treatment options for hemophilia	Dr. Gerrard Dolan
5:20-5:40 PM	Dealing with acquired hemophilias diagnosis and treatment: case based presentation	Dr. Gerrard Dolan
5:40-6:00 PM	Gene therapy in hemophilia	Dr. Abdulrazzaq Shlebak
6:00-6:15 PM	Q&A	
Selective topics in consultative hemostasis problems		
6:15-6:35 PM	Coagulopathy and thrombocytopenia in chronic liver disease: what's new?	Dr. Mona Al Rasheed
6:35-6:55 PM	Anticoagulation in thrombocytopenic patients: evidence based recommendations	Dr Almomen
6:55-7:15 PM	Managing bleeding in abnormal platelet function disorders: clinical guidance	Dr. Konle
7:15-7:30 PM	Q& A	
7:30-7:50 PM	The stumper riddle of COVID-19 bleeding: what we know?	Dr. Gerrard Dolan
7:50-8:10 PM	Clinical cases in coagulopathy related postpartum hemorrhage	Obs list
8:10-8:20 PM	Q& A	
8:20-8:50 PM	Satellite symposium	TBA

Day Three 27/03/2021	
9:00-10:00 AM	Meet the expert workshop: peri-operative management of anti-thrombotics Dr. Abdulrazzaq Shlebak
10:00-11:00 AM	Laboratory monitoring of patients treated with DOACs: practical guide for clinicians Dr. Salah Alhumod

Seminar 2 Dr. Bader Alrawahi	
11:00-12:00 PM	Challenges in anticoagulation
15 mins	Anticoagulation in individuals with thrombocytopenia
15 mins	Recurrent VTE on anticoagulation therapy: what's next?
15 mins	Which patient should receive long term anticoagulation? What dose?
15 mins	DOACS and APLS: do they prevent thrombosis?
Seminar 3 Dr. Marc Carrier	
12:15-1:15 PM	Discuss clinical topics where evidence is lacking
15 mins	Management of venous thrombosis of rare localization
15 mins	Anti-thrombotic therapy in elderly
15 mins	Anti-thrombotic therapy in ICU
15 mins	DOACs in acquired and hereditary thrombophilia

Venous Thromboembolism: detection and risk assessment		
5:00-5:20PM	How to approach a case of VTE?	Dr. Bader Alrawahi
5:20-5:40 PM	Clinical prediction guide for recurrent VTEs: How do we use them in everyday practice	Dr. Marc Carrier
5:40-5:45 PM	Q&A	
Treatment options for VTE		
5:45-6:05 PM	DOACS: current indications and future perspectives	Dr. Faisal Al-Sayegh
6:05-6:15 PM	Break	
6:15-6:35 PM	Role of IVC filter and stent in management of thromboembolism	Dr. Fahad Abdulghani
6:35-6:55 PM	ASH 2020 guidelines for management of venous thromboembolism	Dr. Gregoier Le Gal
6:55-7:05 PM	Q&A	
Discuss clinical topics where evidence is lacking		
7:05-7:25 PM	Thrombophilia testing	Dr Mark
7:25-7:45 PM	Treatment of distal DVT and subsegmental PE	Dr. Gregoier Le Gal
7:45-8:05 PM	Thrombolysis systemic and catheter directed thrombolysis: Risks and benefits	Dr. Marc Carrier
8:05-8:15 PM	Q&A	
Post thrombotic complications		
8:15-8:35 PM	Post- phlebitis syndrome: symptoms, treatment and pain management	Dr. Ahmad Sarab
8:35-8:55 PM	Management of chronic thromboembolic pulmonary hypertension	Dr. Alia Ibrahim
8:55-9:00 PM	Q & A	

Day Four

28/03/2021

Secondary thrombosis in miscellaneous disease states: Prevention to treatment

5:00-5:30 PM	Thromboprophylaxis for medical and surgical patients	Dr. Mohammad Almahmeed
5:30-6:00 PM	Updated recommendations in the treatment of COVID-19 related thrombosis	Dr. Ali Almuhaini
6:00-6:10 PM	Break	
6:10-6:40 PM	Management of APLS related thrombosis: choices and challenges	Dr. Ali Almuhaini
6:40-7:00 PM	Updates in the management of cancer associated thrombosis	Dr. Mohammad Albader
7:00-7:15 PM	Q&A	
Tackling thrombosis at different sites		
7:15-7:35 PM	The dilemma of anticoagulation after recent strokes	Dr. Khaled Alhassan
7:35-7:55 PM	Best of evidence in the treatment of thrombosis at unusual sites	Dr. Le Gal
7:55-8:15 PM	Thrombocardiology: anticoagulation in cardiac patients	Dr. Bassam Bulbanat
8:15-8:35 PM	Anticoagulation in chronic kidney disease: choices, doses, and monitoring	Dr. Mona Al Rasheed
8:35-9:50 PM	Q&A
